

# NOTICE OF COMPLETION

## Milverton Water Supply System Class Environmental Assessment

---

The Township of Perth East is conducting a Municipal Class Environmental Assessment (Class EA) study to improve water quality for the Milverton Water Supply System. The study was initiated to determine the most cost effective and environmentally sound means of providing water to the Community of Milverton that meets provincial and federal water quality standards and objectives. The proposed work includes the expansion of the existing water treatment facility for the addition of an oxidation/filtration unit.

The Township has planned this project under **Schedule B** of the **Municipal Class Environmental Assessment (Class EA)**. A Project File has been completed and by this Notice is being placed in the public record for review. Subject to comments received as a result of this Notice and the receipt of necessary approvals, the Township intends to proceed with the design and construction of this project. The Project File is available for review at the following locations:
